

GOVERNMENT INDUSTRIAL TRAINING INSTITUTE,
TIRUPPUR
TAMILNADU (ST)

Success Stories of ITIs Covered Under the Scheme
Categories of Success Stories and Associated Attributes

Ref : R.C.No:7525/SPIU-3/2016.

Date: 03.03.2016.

1.01: Training infrastructure with improved/ Enhanced Facilities (Building /Machinery / Equipment)

In the year 2008 when IMC Society came into being, there was acute shortage of class rooms and labs. It was therefore decided to construct a new building initially single storied, with foundation suitable for another storey. This enabled us to accommodate space norms for starting new trades . Single storey structure was constructed by state PWD, and second floor was added later, by engaging a civil consultant, hiring masons on daily wage basis, and procuring construction materials directly.

Plinth area of building ground floor: 273.72 square meters

First floor: 273.72 square meters

Second floor: 273.72. This is the greatest achievement. Total additional area created $3 * 273.72 = 721.16$ square meters, with 8 class rooms and 4 labs.

Compound wall was constructed with the help of local MLA constituency fund .

Please see photos below:

1.02: Overall Campus Development:

To cater to the needs of water for flushes and urinals, a separate pump was installed. And pipe line was laid underground.

With the help of local MLA, compound wall was constructed for security and safety of girl students studying at the institute.

For cultural activities and functions., a masonry stage was constructed.

Please see photos below:

2.01: New Trades (Having industry specific Linkage):

A new trade COPA 2 units with a strength of 26 students each was started in the year 2008 and is successfully running with 100% results on all years so far. Details are placed below:

Academic Year	Admissions	Drop out	Pass out	Remarks
2009 - 10	7	2	5	
2010 - 11	11	0	11	
2011 - 12	28	8	20	
2012 - 13	40	10	30	
2013-14	46	0	46	
2014 - 15	52	4	48	
2015 -16	51	13	38	

2.02: Industry Linkages for Training of Instructors in Industry:

BSNL a Govt of India undertaking conducted training for COPA JTOs and Electronic Mechanic JTO, along with Electrical. On Optic Fibre and telephone exchange maintenance.

Training on Tally and VB.Net.

Training on line from Mumbai IIT on Tally, Java Script, and VBA

2.03: Guest Faculty Facility from Industry:

Apart from classes conducted by Chairman periodically and regularly, external professors visited our institute and conducted classes. Faculty from Auditors' Association are taking Tally Classes for our students on Saturdays.

2.04: Effective IMC:

Details of IMC meetings held are placed below:

3.04:Entrepreneurial Assistance:

In collaboration with district industries centre and Rotary Club, workshop was arranged to promote entrepreneurship amongst students. Please See Photos given below:

4.01: Production Centre:

Due to lack of adequate space, could not start so far.

4.02:Tie-up with other training providers / Institutes:

No tie ups has been arranged so far. however special training was arrange for Electrical, Electronic Mechanic Trade students by BSNL Tiruppur for 7 Days.

4.03: Earn while you learn for trainees:

On starting production centre we will design suitable incentive scheme.

4.04:Job-works:

No job works carried out so far

4.05:Tree planting in unused space:

Total no of trees planted and survived: 26 Nos. Please See Photos given below:

4.06:Repair centre / repair works:

Repair center has not yet been established

4.07: Product innovation and development

Product innovation and development has not yet picked up.

4.08: Short-term courses / Industry specific courses with employment focus.

MES courses conducted so far includes

SL.NO	COURESES	No. of beneficiaries	REMARKS
01.	Computer Fundamentals, MS-Office &Internet	184
